To possess a humanistic worldview, qualities of citizenship and patriotism; to understand the social significance of future professional activity. To possess the culture of thinking, the ability to perceive, generalize and analyze philosophical, ideological, socially and personally significant problems in professional activity.
Brief content of the academic discipline:	
<p>The content of the discipline is based on two levels: theoretical and methodological. Special attention is paid to the formation of the quality of speech necessary for future educators: correctness, accuracy and expressiveness; the formation of the ability to use a variety of figurative means in working with a literary work; the development of speech techniques (diction, orthoepy, stress). The study of the discipline "Dramatic reading" is aimed at the formation of correct, expressive speech among future teachers, the correlation of course knowledge with the academic disciplines "Foreign literature for children", "Native literature for children".</p>
