Summary of the content of the academic discipline:

The structure of the discipline “Social psychology” is represented by the following sections: “Introduction to social psychology”, “Social psychology of personality”, “Interpersonal communication and interpersonal relations”, “Group Psychology”, “Social behavior”. The first section introduces to the subject, purpose, objectives and methods of social psychology, the main stages of its development as a science. The second section includes consideration of the problem of personality in the social world; the relationship of behavior with motivation and social attitudes of the individual. The third section is devoted to the consideration of various aspects of interpersonal communication and interpersonal relationships; familiarization with the concept of conflict, its structure, dynamics and strategies of personal behavior in a conflict situation. The fourth section examines the socio-psychological characteristics of a social group, group phenomena and processes, as well as patterns of personality behavior in a group. The fifth section introduces to various types of human social behavior.
